**Mt. Laurel, NJ – March 24, 2021**

Everingham & Kerr, Inc. announced today that Clinical Research of Philadelphia, LLC (*the “Company” or “CRP”*) has been acquired by a Private Investor. Terms of the transaction were not disclosed.

Headquartered in Philadelphia, Pennsylvania, CRP is a leading center for patient enrollment in clinical research studies. The Company focuses on improving the quality of health in America through pharmaceutical research and specializes mostly in Phase II, Phase III, and Phase IV studies. Clients include pharmaceutical & biotech companies

Every research study supports patient care and patient needs. This personalized medical approach and CRP’s ethical standards have strengthened the Company’s reputation as a leading pharmaceutical investigating site, helping the Company become one of the Country’s leading centers for patient enrollment in clinical research studies. To learn more about CRP please visit: [www.phillyresearch.com](http://www.phillyresearch.com).

Everingham & Kerr acted as the exclusive financial advisor for CRP.

**For more information on this transaction, please contact Joseph A. Vanore at [jav@everkerr.com](mailto:jav@everkerr.com) or 856.546.6655 x114.**

## ***About Everingham & Kerr, Inc.***

Everingham & Kerr is a merger and acquisition advisory firm that specializes in providing intermediary services for lower middle market companies and entrepreneurs. The firm assists clients across all industries and offers various services including mergers, acquisitions, divestitures, valuations, transaction consulting and exit planning. The firm’s client base has included public and private corporations, investor groups, individual entrepreneurs, management buyout groups and family buyout participants. Everingham & Kerr’s focus is on providing lower middle market companies with highly professional services typically available only from large investment banks servicing much larger clients. The firm provides the resources and highly experienced personnel necessary to ensure maximum results produced efficiently and confidentially.
